PROFESSIONAL SUMMARY

Urban and Regional Planning student at Cairo University, specializing in Environmental Planning and ranked 1st in class. Experienced in urban planning, GIS-based spatial analysis, environmental assessment, urban design, and landscape planning. Interested in strategic planning, climate-responsive urban development, sustainable planning, environmental resilience, and the integration of spatial analysis with planning and design across multiple scales.

EDUCATION

Cairo University - Faculty of Urban and Regional Planning | Bachelor of Urban and Regional Planning - Environmental Planning Track

2022 - Expected 2027 | Ranked 1st in Class | GPA: 3.49 / 4.00 (A-)

EXPERIENCE

Mahmoud Yousry & Associates | Urban Planning Intern | Sep 2026

• **El Sewedy Industrial Park – Mlandizi, Kibaha, Tanzania, Industrial Master Planning Project | 620 Acres**

• Conducted site, environmental, and climatic analyses to assess site conditions and inform the planning approach.
• Developed a planning concept and masterplan alternative for a 620-Acres multi-industry industrial park, translating analysis into a spatial planning framework.

• Contributed to the masterplan development and concept report, including land-use organization, spatial structure, and overall site layout.

• **Swan Lake West – October, Egypt, Tender Documentation | Plot Coordination & Inventory**

• Contributed to the preparation of tender and executive drawings for the project.
• Prepared and verified plot coordinates to ensure accurate spatial referencing and plot documentation.
Developed and organized plot inventory data for use within the project's technical documentation.

Urban Research and Studies Consultancy Center / GOPP | Urban Planning Intern | Jul 2025 - Aug 2025

• Participated in the Giza Villages Strategic Master Plan Update Project - Target Year 2030.
• Contributed to strategic planning reports and spatial master plans for 18 villages in Giza Governorate.
• Supported land-use planning, spatial analysis, and planning documentation.
• Contributed to Phase II and Phase III planning reports and reviewed planning proposals according to national planning standards.

Hadayek October City Development Authority | Urban Planning Intern | Jul 2024 - Aug 2024

• Developed and presented a conceptual urban extension proposal for a 3,000-acre development area.
• Contributed to planning presentations, technical reports, and the city's spatial database.
• Participated in site visits, construction monitoring, and on-site training.

TECHNICAL SKILLS

Planning & Analysis: Strategic Planning, Environmental Planning, Land Use Planning, Urban Design & Landscape, Urban/Regional Analysis

GIS & Spatial: GIS, Spatial Analysis, Cartography, Remote Sensing, Spatial Databases

Software: ArcGIS, AutoCAD, Adobe Photoshop, ENVI-met, Revit, Civil 3D, Microsoft Office (Word, Excel, PowerPoint)

Additional: Manual Sketching, Architectural Sketching, Planning Documentation, Technical Reporting

CERTIFICATIONS & TRAINING

• National Authority for Remote Sensing & Space Sciences (NARSS) - Remote Sensing and GIS Applications
• Cairo University - CU-AI NEXUS Hackathon 2025
• Information Technology Institute (ITI) - Principles and Techniques of Geographic Information Systems
• Faculty of Urban and Regional Planning - Freehand Drawing and Architectural Sketching
• Cap-Net - NWRM for Climate Resilience
• Esri MOOCs - Spatial Data Analysis, Cartography

ACHIEVEMENTS

• Ministry of Social Solidarity Scholarship for Outstanding Students, 2023-2024.
• Ranked 1st in cohort, Faculty of Urban and Regional Planning, Cairo University, 2024-2025.
• Ranked 1st in class and cohort, Faculty of Urban and Regional Planning, Cairo University, 2025-2026.
